Public Comment

Members of the Public are invited to speak on any item that is within the subject matter jurisdiction of the Committee. Meeting attendees are usually given two (2) minutes to speak on any discussion item and/or during the online ZOOM virtual webinar forum; the time limit is in the discretion of the Chair of the meeting and may be limited when appropriate. Speakers using a translator will be given twice the time allotted to ensure non-English speakers receive the same opportunity to directly address the Committee, Board, or Commission.

If you would like to provide public comment, please see the directions below. All members of the public will remain on mute until the individual identifies they would like to speak and you are unmuted.

The procedure for this meeting is as follows during public comment:

- City Staff or consultant will call out names of the public who identified that they want to speak under the public comment item. You may identify yourself by the “Raise Hand” feature on Zoom, or dial *9 on your phone.
- As your name is called, you will be unmuted to speak. After we confirm your audio is working your allotted time will begin. Each speaker will have two minutes.
