Matthew Cano, Director

M I S S I O N

o provide excellent service in building a smart and sustainable community, maintaining and managing City assets, and serving the animal care needs of the community

City Service Areas

Community & Economic Development Neighborhood Services Strategic Support

Core Services

Animal Care and Services

Promote and protect the health, safety, and welfare of animals and people in the City of San José

Facilities Management

Provide safe, efficient, comfortable, attractive, and functional buildings and facilities

Fleet and Equipment Services

Manage operations which provide a safe and reliable fleet of vehicles and equipment

Plan, Design, and Construct Public Facilities and Infrastructure

Plan, design, and construct public facilities and infrastructure, Materials Testing Laboratory, and Surveying Services

Regulate/Facilitate Private Development

Review private development to ensure that new development contributes to the safety and welfare of the residents as well as the City's economic development

Strategic Support: Infrastructure and Mapping, Financial and Contractual Administration, Technology Services, Equality Assurance, and Human Resources and Pandemic Response

Service Delivery Framework

| PROGRAM | DESCRIPTION |
|--|---|
| | Animal Care and Services Core Service |
| Animal Licensing and Customer Services | Provides licensing, adoption and customer service support, such as spay and neuter, quarantine, and owner surrender for customers at the Animal Services Center. |
| Animal Services Field Operations | Provides field services to ensure the health, safety and welfare of animals and people in the City. |
| | Facilities Management Core Service |
| City Facilities Repairs and Minor Capital Improvements | Addresses City facility needs, including tracking and conducting repairs and minor capital improvements, managing improvement and remodel projects, performing building system repairs and improvements, and maintaining the work order database. |
| Energy and Water Conservation | Provides support to ensure the latest energy and water conservation technologies and methodologies are incorporated for all major capital projects. |
| Facility Maintenance and Operations – City Hall | Provides maintenance, event services and security for City Hall; maintenance includes programmed preventive maintenance and corrective maintenance. |
| Facility Maintenance and Operations – Non City Hall | Provides maintenance for City-owned facilities (not City Hall), including programmed preventive maintenance and corrective maintenance through requests and building assessments, and repairs in areas such as locksmith work, carpentry, electrical, HVAC, painting, and plumbing. |
| | Fleet and Equipment Services Core Service |
| Fleet Maintenance and Operations | Provides preventive maintenance, repairs, and statutory inspections for over 2,800 vehicles and equipment that support public safety, public health, and general government operations citywide. |
| Fleet Replacement | Manages the acquisition and disposal of all vehicles and equipment, including vehicle procurement and build-up. |
| Radio Communication | Provides reliable, necessary public and non-public safety-related communications equipment, maintains existing radio equipment and ensures optimal functionality, strategically plans for future upgrades and technology changes while supporting the Silicon Valley Regional Interoperability Authority. |

Service Delivery Framework

| PROGRAM | DESCRIPTION |
|--|--|
| Plan, Design, and | Construct Public Facilities and Infrastructure Core Service |
| City Facilities Architectural Services and Capital Project Administration | Provides architectural services and project administration for the delivery of capital improvements for City-owned facilities, including recreational facilities, parks, trails, libraries, public safety facilities, and various cultural and municipal facilities. |
| City Facilities Engineering and Inspection Services | Provides engineering and surveying services to determine roadway pavement sections and develop topographic map; provides quality assurance during construction to ensure compliance with the contract documents, the California Building Standard Code, and industry standards of care. |
| Transportation, Sanitary and Storm Sewer Capital | Supports the design and construction of right-of-way capital infrastructure projects, general engineering plan review for regional projects, and electrical engineering review for projects constructed by private developers. |
| Regula | ate / Facilitate Private Development Core Service |
| Public Works Development Services | Provides support to ensure new development projects comply with applicable regulations and provide the necessary public infrastructure including, but not limited to: streets, sidewalks, storm and sanitary sewers, streetlights, landscaping in frontages and street islands, and traffic signals. |
| | Strategic Support Core Service |
| Pandemic Response | Provides for the coordination and delivery of emergency services and recovery activities in response to the COVID-19 pandemic. |
| Public Works Management and Administration | Provides administrative oversight for the department, including executive management, financial management, information technology support, human resources, and analytical support. |

Department Budget Summary

Expected 2021-2022 Service Delivery

| _ | San José residents. | ie a | and on-budget delivery that meet the needs of |
|-----|--|------------|--|
| | Maintain City facilities, equipment, and vehicles. | | |
| | Provide expedited and quality plan review services | foi | the development community. |
| | Provide animal care and services resources with co | onc | entrated focus on public health and safety. |
| 202 | 21-2022 Key Budget Actions | | |
| | Adds 1.0 Building Inspector Combination and 1.0 Be the delivery of the City's Capital Improvement Pr Budget and a determination of the appropriate class | ogr | ams after a review of the 2021-2022 Capital |
| | Adds 1.0 Program Manager position and associatemergency operations as Public Works has a critical Manager will assist in the response to emerge procedures, and departmental policies for staff to response to the response to | l re | sponse role during emergencies. The Program events as well as coordinate the training, |
| | Eliminates 3.0 vacant Electrician positions and add overtime funding under the citywide electrical r maintenance program determined that these action reorganize service delivery to a program that has s | nai s w | ntenance program. Review of the electrical rould provide immediate savings to the city and |
| | Adds 1.0 Senior Analyst position in the Office of Eability to successfully administer and enforce com and ordinances regarding prevailing, living, and mi | plia | nce of federal, state, and local laws, policies, |
| | Decreases ongoing non-personal/equipment furnament maintenance. This action is part of city-wide strate | | |
| | Adds 1.0 Senior Animal Services Officer position a position under the animal shelter operations progra support security efforts at the Animal Care and Ser | m t | o enhance customer service management and |
| | Adds 1.0 Information Systems Analyst position Technician position and 0.5 vacant Engineerin Information Systems (GIS) team. To advance GIS is required to provide advanced support, applicatio systems. | g ca | Trainee PT position under the Geographic pabilities, a position with a higher-level skillset |

Plan, Design, and Construct Public Facilities and Infrastructure Core Service City Facilities Engineering and Inspection Services Program

This action adds 1.0 Building Inspector Combination and 1.0 Building Inspector Supervisor positions under the Structural Engineering/Code Inspection (SECI) program. The City has seen increased activity for capital projects under the Regional Wastewater Facility and Sanitary Storm Sewer Capital Improvement Programs. Current projects include Digester and Thickener Facilities Upgrades, Nitrification Clarifiers Replacement, Yard Piping and Road Improvements, Phase 2 of Advanced Facility Control/Meter Replacement, Cast Iron Sewer Replacement, and Sanitary Sewer Repairs. Public Works staff performs specialized code review and construction inspection services for these projects. These positions will address the consistently growing workload for inspection services. Additionally, the new Building Inspector Supervisor position will allow the SECI program to create two teams of 6.0 FTEs (1.0 Supervisor and 5.0 staff) to split the four inspection specialties (Mechanical, Plumbing, Electrical, and Structural) between two supervisors. (Ongoing costs: \$378,319)

2. Office of Equality Assurance Labor Compliance 1.00 162,542 162,542 Staffing

Strategic Support CSA
Strategic Support Core Service
Public Works Management and Administration Program

This action adds 1.0 Senior Analyst position in the Office of Equality Assurance (OEA) to perform various duties including policy development and the analysis and data management of local hire data collected through the OEA web application that was developed in 2019. This action is offset by recognizing additional revenue of \$150,000, as described in the General Fund Revenue section, to account for multiple contracts with local city agencies for the City to administer and enforce wage policies passed in those jurisdictions. Since 2012, multiple policies, ordinances, and agreements have been approved by City Council or by voters that have increased OEA's duties and functions. The increased staffing will provide the support necessary to continue administering and enforcing compliance with federal, state, and local laws, policies, and ordinances regarding prevailing, living, and minimum wage. Current executed contracts for wage compliance include the cities of Cupertino, Milpitas, San Carlos, San Mateo, Santa Clara, Burlingame, Redwood City, and Sunnyvale. It is expected that an additional contract with the City of Mountain View will be executed by June 1, 2021. (Ongoing costs: \$171,272)

|-----------------------------------|-----------|-------------------|----------------------|
| 3. Emergency Operations Staffing | 1.00 | 157,191 | 157,191 |

Strategic Support CSA Strategic Support Core Service

Public Works Management and Administration Program

This action adds 1.0 Program Manager position and associated one-time non-personal/equipment funding of \$3,500 to help plan, organize, and train Public Works staff for emergency operation responsibilities. With the growing frequency of emergency events, such as the ongoing COVID-19 pandemic, wildfires, public safety power shut off, floods, and other emergency events, and the City's growing prioritization of emergency preparedness, emergency activities have become a year-round challenge requiring Public Works to assume the role of front-line responder for infrastructure and other community needs. The Program Manager will be responsible for coordinating emergency response activities, and developing and implementing an organized plan to train and prepare department staff throughout the year. Specifically, this Program Manager will ensure that the department is able to respond to emergencies by: coordinating regular training and manual/procedures updates; ensuring staff are always aware of their responsibilities during certain types of emergency events; serving as a primary contact during emergency events to assist with activation; assisting with the Public Works response during emergency events; and working on process improvements to streamline and make more efficient Public Works' responses to emergencies. (Ongoing costs: \$184,430)

4. Animal Care and Services Customer Service 0.00 17,733 17,733 Staffing

Neighborhood Services CSA Animal Care and Services Core Service

Animal Licensing and Customer Services and Animal Services Field Operations Programs

This action adds 1.0 Senior Animal Services Officer position and eliminates 1.0 vacant Animal Care Attendant position serving at the animal care center. Animal Care and Services has experienced increased security concerns at the animal care center lobby as well as a need to enhance customer service management at the facility. The Senior Animal Services officer will supervise the Animal Care Attendant staff, create policies, provide program oversight as well as aid with shelter security, customer service, and permitting. The department has determined that the workload from the Animal Care Attendant elimination can be absorbed within current staffing levels. This action will enhance services and reduce the reliance on the San José Police Department during encounters with upset customers. (Ongoing costs: \$26,181)

Budget Changes By Department Personal Services and Non-Personal/Equipment

| 2021-2022 Proposed Budget Changes | Positions | All Funds (\$) | General Fund (\$) |
|-----------------------------------|-----------|-------------------|----------------------|

Strategic Support CSA

Plan, Design, and Construct Public Facilities and Infrastructure and Strategic Support Core Services

City Facilities Engineering and Inspection Services, Public Works Information Technology, and Public Works Management and Administration Programs

This action adds 1.0 Information Systems Analyst position and eliminates 1.0 vacant Senior Engineering Technician position and 0.5 vacant Engineering Trainee PT position as part of the Geographic Information Systems (GIS) team. These positions are funded through the Sewer Service and Use Charge Fund and Storm Sewer Capital Fund. Currently, the lower level positions provide basic GIS/Computer Aided Drafting (CAD) data management. Public Works has identified an increased need for a higher-level skillset to advance GIS capabilities for advanced support, application development, and integration for the GIS software systems. The new position requires experience in system administration, programming, data analytics, and system integration. This position will support the GIS program by aiding with department requests and equity initiatives, supporting the ESRI enterprise agreement including the rollout to departments, and leading project progression for geospatial infrastructure and applications for the Emergency Operations Center (EOC). (Ongoing costs: \$14,677)

6. Electrical Maintenance Staffing

(2.00)

(228, 434)

(227,200)

Strategic Support CSA Facilities Management Core Service

Facilities Maintenance and Operations - Non City Hall Program

This action eliminates 3.0 vacant Electrician II positions, and adds 1.0 Senior Electrician position and overtime funding of \$100,000 (\$50,000 in the General Fund and \$50,000 in the General Purpose Parking Fund) to the citywide electrical maintenance program. This program is responsible for routine maintenance, renovations, and capital project support for citywide facilities and infrastructure. The Public Works Department has had retention issues in the Electrician I/II classification and currently has 4.0 vacant positions out of 9.0 total FTEs. Of the current vacant positions, one has been vacant since 2016, two since 2018, and the last position has been vacant since 2019. In order to maintain appropriate service levels for the city, the department has altered the service delivery model to include additional contract services, rehiring retirees, and overtime. The department has been able to backfill the 4.0 vacant positions with the equivalent of approximately 2.5 FTEs through overtime and temporary positions. With the addition of a Senior Electrician, it is anticipated that this position will be easier to fill and it will provide a senior level position that can help manage projects and contractual work. The addition of the Senior Electrician position and additional overtime funding comprises approximately 1.5 FTEs of work. The net loss of current productivity, when factoring in effective vacancy levels, will be approximately 1.0 FTE. Health and safety work orders will continue to be the highest priority, but the loss of 1.0 FTE work productivity will further delay less critical work from being completed and increase deferred maintenance. This increased deferred maintenance will reduce the life cycles of facility equipment and result in increased future capital replacement costs. (Ongoing savings: \$239,338)

Budget Changes By Department Personal Services and Non-Personal/Equipment

| 2021-2022 Proposed Budget Changes | Positions | All Funds (\$) | General Fund (\$) |
|--|-----------|-------------------|----------------------|
| 7. Facilities Preventive Maintenance Non-Personal/ Equipment Savings | | (214,000) | (214,000) |

Strategic Support CSA

Facilties Management Core Service

Facilities Maintenance and Operations – City Hall and Facilities Maintenance and Operations – Non City Hall Programs

This action reduces the non-personal/equipment funding by \$214,000 for facilities preventive maintenance, representing a reduction of approximately 10%. This funding is used for maintenance on both City Hall and non-City Hall facilities for multiple systems including HVAC, fire safety and alarms, emergency lighting, roofing, generators, pumps, and other electrical systems. Most HVAC maintenance servicing is performed with in house staff while other systems are maintained through contracted services. This action will increase the servicing intervals of some of these systems. HVAC system (633 assets between furnaces, fancoils, and heatpumps) maintenance schedules vary from quarterly, biannually, or annually. It is anticipated that this action will double servicing rates for the quarterly and biannual schedules with most assets moving to an annual based service schedule. Emergency lighting (138 locations) servicing is alternated every two years and this action will increase servicing to every three years. The preventive maintenance base budget was increased by approximately \$190,000 during the development of the 2021-2022 Base Budget to account for a cost of living adjustment. This reduction returns the preventive maintenance budget close to the 2020-2021 Adopted Budget level. (Ongoing savings: \$214,000)

8. Reprographics Contractual Services Savings

(40,399) (18,330)

Strategic Support CSA

Fleet and Equipment Services and Strategic Support Core Services

Fleet Maintenance and Operations and Public Works Management and Administration Programs

This action reduces the Department's non-personal/equipment budget to reflect savings in the reprographics (printing) contract. The Finance and Information Technology Departments jointly worked to re-procure the City's reprographics contract for copier, scanner, fax devices support, and administration software and tools. Savings in the amount of \$363,000 will be generated in the General Fund, \$462,000 in all funds, across all departments from lower rental costs for the multi-function devices and significantly lower cost per copy and consumption rates. Savings can be realized with new green-print options and central administration of devices. (Ongoing savings: \$40,399)

¹ The data hasn't been collected for this performance measure due to COVID-19 emergency work only. The Department will resume collecting data starting in 2021-2022.

This performance measure was added starting in 2021-2022. Actual data will be collected and reported in the 2022-2023 Proposed Budget.

Some work orders had been miscategorized as Priority One (those with health and safety concerns), causing the metric to track below its standard of 100%. PW continues to respond to all health and safety emergencies within 24 hours.

Performance Summary

Facilities Management

| | 2019-2020 Actual | 2020-2021 Forecast | 2020-2021 Estimated | 2021-2022 Forecast |
|---|---------------------|-----------------------|------------------------|-----------------------|
