

**ADDENDUM 1
CAPITOL LIGHT RAIL EXTENSION
EASTRIDGE TO BART REGIONAL CONNECTOR
PUBLIC ART RFQ**

1. **Question:** What is the approximate square footage of the area where the artwork would be placed?
Answer: The intention is that the specifics of the site will be determined in collaboration with the selected artists and therefore we have not analyzed the site opportunities in such detail to be able to provide this detail.

2. **Question:** Are the spaces interior or exterior?
Answer: The potential locations are exterior.

3. **Question:** Are the spaces on the wall or floor?
Answer: The intention is that the specifics of the site will be determined in collaboration with the selected artists

4. **Question:** Do you know a size range for possible sculpture?
Answer: We currently do not have size constraints defined. The size of the artwork will be based on the artist's approach, and site analysis in collaboration with the selected artists.

5. **Question:** Is the Story Road Station art on the 3 columns that are visible in the architectural rendering?
Answer: We have not identified a specific location for the artwork at the Story Road Station.

6. **Question:** If applying as a team, do both team members need to have completed a 200,000 public art work or is acceptable that only one team member has?
Answer: The team member that has prior public art experience with installations of \$200K or greater should apply as the lead and in this way you will qualify.

7. **Question:** And is there a payment schedule relative to funding progress after chosen in August?

Answer: please see the contract that is included with the downloadable version of the RFQ: <https://www.sanjoseca.gov/your-government/departments/office-of-cultural-affairs/public-art/for-artists>
