Proposal Description, including the reason for the need and anticipated outcomes (Please describe how the proposal will affect services for San José residents, community groups, businesses, etc.):

For the last two years, our office has been fielding increased concerns from residents throughout District 3 regarding traffic safety. Despite the stay at home orders during this past year, neighborhoods have seen an increase of unsafe drivers exceeding speed limits in neighborhoods and around schools. While each district receives traffic calming funds, the current funding is not adequate to address all our concerns. Therefore, I am requesting one time funds to address and improve the safety of our streets and neighborhoods.
