Dear Members of the San Jose General Plan Task Force,

I am writing to request amendments to the General Plans to protect Coyote Valley from industrial development and recommending the General Plan for Coyote Valley designate Coyote Valley a wildlife habitat and open space.

Coyote Valley is an important wildlife habitat, provides flood protection in the face of climate change and is a beautiful open space. In 2019 the San Jose City Council voted in favor to support an environmental and green vision for Coyote Valley. Please keep Coyote Valley a beautiful special place free from industrial expansion.

Sincerely,
Agnes Derbin-Caulfield
Los Altos
