2,500,000

#### Strategic Support CSA

The Uninterrupted Power Supply (UPS) at the Police Communications Building has reached the end of its serviceable life and requires replacement. The UPS provides emergency power in the case of a loss of power from PG&E. Phase I improvements were implemented as a temporary measure to avoid critical system failure at a cost of \$792,000. Funding totaling \$1.3 million remains for Phase II of this project. The estimated cost for this Phase II project which will completely replace the existing UPS as well as create a redundant system is \$3.8 million. This action provides additional funding of \$2.5 million to fully fund Phase II. (Ongoing costs: \$0)

#### **Transfers to Other Funds**

1. Transfers to Other Funds: Redevelopment Obligation Retirement Fund

(500,000)

#### Strategic Support CSA

This action reduces the 2012-2013 General Fund transfer to the Successor Agency to the Redevelopment Agency by \$500,000 (from \$11.5 million to \$11.0 million) to reflect a reduction in administrative support to the Successor Agency. In 2012-2013, a \$16.9 million deficit is projected for the Successor Agency based on a March 2012 analysis of the projected 2012-2013 tax increment revenue compared to the enforceable obligations. In the 2012-2013 Base Budget, it was assumed that an \$11.5 million transfer from the General Fund would be necessary to address a portion of this \$16.9 million deficit, with the General Purpose Parking Fund and the Community Development Block Grant Fund addressing the remaining shortfall by assuming certain debt service payments for the Successor Agency. This action reduces the allocation for administrative services by \$500,000 based on the assumption that the wind-down efforts of the Successor Agency will reduce the demand for these services, thereby reducing the required General Fund transfer next year. With the continued efforts to close-out contracts, reductions to both personal services and non-personal/equipment costs are anticipated. Specific information regarding the transition efforts and the associated administrative costs will continue to be brought forward to the City Council, which serves as the Successor Agency Board, as well as to the Successor Agency Oversight Board every six months. (Ongoing savings: \$500,000)

2. Transfers to Other Funds: Fiber Optics Development Fund Loan Repayment

2,200,000

#### Strategic Support CSA

This action provides funds to complete the repayment of the loan from the Sewage Treatment Connection Fee Fund to the General Fund that was used to fund a fiber optics conduit network. The original loan of \$5.2 million from 1996 has a balance of \$2.28 million. After being deferred for two years, the loan repayment is now due June 2013. Additional funding of \$2.2 million is needed to complete the loan repayment. (Ongoing savings: \$50,000)

#### **Earmarked Reserves**

1. Earmarked Reserves: New Public Safety Facilities Elimination

(2,393,000)

#### Public Safety CSA

This action liquidates the Earmarked Reserve that was established in the 2012-2013 General Fund Forecast Base Budget for projected additional costs (\$2,393,000) to operate and maintain the new South San José Police Substation effective September 2013 (\$2.5 million annually). Construction of this facility was completed in October 2010 with move-in originally projected for the fall 2011 sworn shift change and approved to be deferred to fall 2012 as part of the 2011-2012 Adopted Budget. In accordance with the Mayor's 2012-2013 March Budget Message as approved by the City Council, the opening and staffing of the building is deferred to September 2013 to coincide with the fall 2013 shift change to generate one-time operations and maintenance savings in 2012-2013. One-time funding is included for the Police Department for utilities costs (\$120,000) and to the Public Works Department in the City-Wide Expenses section of this document for security and fencing (\$64,000) to secure the Substation until it is evaluated for opening in fall 2013. As a result of the deferred opening, net savings of \$2,209,000 is realized in the General Fund in 2012-2013. (Ongoing savings: \$0)

The 2013-2017 General Fund Forecast included funding of \$1,185,000 for the Seven Trees, Bascom, Educational Park, and Calabazas branch libraries. The Seven Trees, Bascom, Educational Park, and Calabazas branch libraries that were constructed with General Obligation Bonds are scheduled to open in the order of construction completion. The Seven Trees branch, opening deferred since 2010-2011, is scheduled to open December 2012/January 2013. The Bascom branch, opening deferred since 2010-2011, is scheduled to open January/February 2013. The Educational Park branch, opening deferred in 2011-2012, is scheduled to open April 2013. The Calabazas branch, opening deferred in 2011-2012, is scheduled to open May 2013. Consistent with existing branch libraries, the new branch libraries will be open four days a week (33-34 hours per week). In the fall 2012, the Administration will review the City's fiscal status to ensure the ability to support these new facilities ongoing.

The 2013-2017 General Fund Forecast also included funding of \$702,000 for parks and recreation facilities. The Bascom Community Center (opening deferred since 2010-2011) is scheduled to open in the summer of 2012 with a new staffing model. Under this model, a variety of programs for youth and adults will be provided by both City staff (a total of 3.75 positions, including 2.0 Recreation Program Specialist and 1.75 Recreation Leader PT) and Community Based Organizations (CBOs). City staff will provide recreation programs that include fitness and group exercise classes, sports

#### 3. Earmarked Reserves: General Plan Update

(951,593)

#### Community and Economic Development CSA
