

Hello, my name is Eunice Chun. I'm an Executive Director at Korean American Community Services in San Jose. I'm a resident of San Jose as well.

I request the commissioners to keep Cypress Gardens senior housing, located at 3555 Judro Way, San Jose, CA 95117(D1) with Korean American Community Services located in 1800-B Fruitdale Aven, San Jose, CA 95128(D6). There are more than 50 Korean seniors living together and they come to our agency all the time for critical services including social services, senior wellness programs, and other vital programs. Not only Korean seniors, but many other Asian seniors also come to our agency for senior nutrition programs, senior care programs, and cultural events as well. They are mostly immigrant Asian senior citizens with limited English and low income. In addition, most of them use Santa Clara Valley Medical Center which is located in D6 as well. Since KACS is the only social and senior recreational center in San Jose and Santa Clara County, it would be great to keep Cypress Gardens senior housing in the same district as Korean American Community Services as a community of interest. Thank you.
