**NOTICE OF PUBLIC HEARING:
PROPOSED RESIDENTIAL GARBAGE AND RECYCLING
SERVICE RATES**

The San José City Council will hold a public hearing on the proposed garbage and recycling rate changes on:

Tuesday, June 7, 2022 at 1:30 p.m.
San José City Hall Council Chambers
200 East Santa Clara Street
San José, CA 95113

Discussion on rates will occur when the matter can be heard after the start of the meeting. City Council meetings may be conducted either virtually, via in-person public attendance, or both. Go to the following URL: www.sanjoseca.gov/news-stories/watch-a-meeting for information on participating at a City Council meeting.

Reason for Rate Changes

Revenues from the proposed rates pay for residential collection and processing of garbage, unlimited recycling and yard trimmings, motor oil and oil filter recycling, and the unlimited Junk Pickup Program. Rates for these services were last increased in July 2021. These changes are necessary to cover the increased cost of the contractors providing the services. The residential garbage and recycling system is based on full cost recovery from ratepayers and is not subsidized by the City's General Fund.

Effective Date of Rate Changes

If the City Council approves rate changes at its June 7, 2022 meeting, the new rates and rate additions will take effect July 1, 2022 for both single-family and multi-family properties unless otherwise indicated above. If the Council does not approve the proposed rate changes, current rates will remain in effect. For assistance in determining the cost of the proposed rate adjustments to you, please call the City of San José Customer Contact Center at (408) 535-3500.
