

# TRAIL COUNT

San José's **tenth annual count** of trail users occurred on Wednesday September 14 at nine stations. This Fact Sheet reports on major findings.

Trail users were asked to take an on-line survey via postcards offered along the trails, social media, trail program website and advocacy organization web sites. A Summary Report provides those findings.

*Guadalupe River* at Coleman Avenue: 977 in 2015, 1,269 in 2016; a **29.9% increase** from the prior year. This station had seen a 50% increase in 2014. Table below shows an upward trend line.

- *Los Gatos Creek* at Hamilton Avenue: 1,137 in 2015, 1,380 in 2016; a **21% increase**.
- *Los Gatos Creek* at Auzerais Avenue: 167 in 2015, 163 in 2016; a **2.4% decrease**. These counts occurred during the AM and PM Peak periods only.

- *Guadalupe River* at San Fernando Street: 1,055 in 2015, 1,306 in 2016; a **23.8% increase**.
- *Guadalupe River* at River Oaks: 1,348 in 2015 and 1,441 in 2016; a **6.9% increase**. For total traffic with bridge usage - we counted 2,270 in 2015 and 2,325 2016 a **2.4% increase**.
- *Los Alamitos Creek*: 819 in 2015 and 924 in 2016; a **12.8% increase**.
- *Three Creeks* at Willow Street (north): 39 in 2015 and 42 in 2016; a **7.7% increase**. At the

- second count station at Bird Avenue (south): 23 were counted in 2015, this same location counted 212, a **major 821% increase**.
- *Five Wounds* (undeveloped) at William Street: 183 in 2015 and 145 in 2016; a **20.9% decrease**.

Thank you to all the hardworking volunteers, advocates, agency partners & local companies like CH2M, Callander Associates, GHD Engineering Consultant & Mark Thomas & Company.
