FESTIVAL, PARADE, &
CELEBRATION GRANT AWARDS**

DATE: May 8, 2023

Date May 8, 2023

RECOMMENDATION

Recommend that the City Council approve the proposed 40 FY 2023-24 *Festival, Parade, & Celebration (FPC)* Grant awards specified in Attachment A and subject to the availability of funds appropriated in the City's FY 2023-24 Operating Budget.

BACKGROUND

Through the Office of Cultural Affairs (OCA), the City of San José provides a limited number of *Festival, Parade, & Celebration Grant (FPC)* awards each year to expand access for all City residents to a wide range of cultural experiences in the form of community festivals, parades, and celebrations, large and small. These events are often held in public spaces and are always open to the entire public. Most FPC-supported events have free attendance, while some have fee-based admission to some parts of or the entire event. In a variety of ways, these festivals contribute to the San José's cultural enrichment, vibrancy, and economic prosperity, while helping to promote the city to visitors.

As noted in the FPC 2023-24 guidelines, funding is granted through a competitive process. Applications are assessed each year by a review panel for their responsiveness to the evaluation criteria published in the grant program guidelines.

ANALYSIS

The panel met on March 16 & 17, 2023 to complete its evaluation and was impressed by the overall quality and quantity of cultural offerings in San José.

The FPC Grant Review Panel is typically comprised of individuals experienced in special event production, community members familiar with special events in San José, and a representative from the Arts Commission.

The panel was comprised of the following members:

- **Richard Ajluni**, *Executive Director, JW House*
- **Jonathan Borca**, *Commissioner, San José Arts Commission*
- **Valéria Miranda**, *Executive Director, Santa Cruz Art League, and Pajaro Valley Arts*
- **Alfonso Perez**, *President, Filipino American Arts Exposition*

The panel evaluated each application against five criteria: event narrative & cultural, historical and/or neighborhood significance (30%); communications, marketing, outreach, and attendance (30%); financial and budgetary capabilities/leveraging of City funding (20%); ability to produce a well-planned, and safe event (10%); and economic impact (10%).

The panel did not have specific dollar amounts to recommend for distribution at the time of its meeting. Instead, the panel made recommendations for the percentage distribution of total FPC funds across the categories.

The OCA received 32 applications of which 30 were deemed eligible for the FY 2023-24 FPC Grants cycle. Applications were organized into four groups based on the most recent actual expenditures for events covered by grant applications. The combined value of eligible grant requests was \$801,660.

The panel recommended funding for 26 of the 30 eligible applications based on the ranking of their scores in each budget category. Due to the City's pending development of the proposed Operating Budget for FY 2023-24, the panel did not have specific dollar amounts to recommend at the time of its meeting. Instead, the panel made recommendations for approximate funding percentages, to be adjusted proportionally, when the final amount for distribution is available.

Of the 30 eligible FPC applications, 50% are BIPOC (Black Indigenous People of Color)-led organizations, 50% are BIPOC-serving organizations, and 47% are both BIPOC-led and BIPOC-serving organizations.

The OCA will offer technical assistance to applicants not recommended for funding. Offered assistance will include feedback from the review panel. Further assistance in the form time with a nonprofit grant writing professional will be offered. It is the experience of the OCA Cultural Funding Portfolio team that organizations that take advantage of offered technical assistance benefit from the learning opportunity and tend to score higher in subsequent grant cycles.

Additionally, 14 FY 2022-23 FPC grantees who met the two-year eligibility to roll over their scores from the previous grant cycle are also included on the proposed list of FY 2023-24 FPC Grant Awards. With the panel recommended 26 applications, and the 14 two-year grantees, the total number of proposed FPC grant awards is 40.

PUBLIC OUTREACH

The Executive Committee reviewed these recommendations at a publicly noticed meeting on May 1, 2023. Notices of granting opportunities were distributed to the OCA's e-mail contacts lists, posted on the OCA website, uploaded on the City of San José WebGrants platform, and shared via social media.
