**Re: Information Requests Dated February 13, 2023, March 6, 2023, March 24, 2023, and May 19, 2023**

Dear Kristen and John:

The City is in receipt of IFPTE Local 21's letter, dated [May 19, 2023](#). The City would be remiss if it failed to note that IFPTE's repeated statements that the City is being either unresponsive or outright refusing to respond to IFPTE's information requests are disingenuous by any objective measure. As you know, the City has provided IFPTE with timely responses and voluminous data related to its information requests and amended information requests on [March 3, 2023](#), [March 10, 2023](#), and [April 7, 2023](#). In addition to the links to the responses that have been posted on the City's website since their respective dates, these responses are attached to this letter as Attachment A for your convenience.

**Kristen Schumacher Nascimento (May 19, 2023):**

*These requests included the cost of pay premiums and differentials (item j) and the source of funds for each position (item k) for Local 21 units as well as ABMEI and MEF. We have not received the remaining items detailed in (j) and (k) and we are renewing these requests at this time.*

As the City previously provided on March 3, 2023, the source of funds for individual positions was not readily available. However, the City has made efforts to calculate this information for active employees, and this can now be found in Attachment B for IFPTE represented positions and MEF Attachment B for MEF represented positions. Please find a list of City funds in the [2023-2024 Proposed Operating Budget](#).

**Kristen Schumacher Nascimento (May 19, 2023):**

*In addition, management's partial response seems to suggest that there is a difference between the premium pay amount budgeted and the premium pay amount actually received. We are also requesting clarification of why budgeted pay premiums for employees are*

Kristen Schumacher Nascimento

Page 2

*different from the pay premiums actually received and would like to be provided with a copy or description of any policies regarding the budgeting of premium pays and differentials.*

This appears to be based on a misinterpretation of the City's response on April 7, 2023. The City does not have budgeted line items for premium pays, which is what the City believed IFPTE's initial request was seeking, as (j) was listed underneath other requests related to budgeted data. This is why the City responded on March 3, 2023, that this information was not readily available. However, based on IFPTE's subsequent communications it appears that IFPTE was actually seeking information about actual premium pays received by represented employees, and this information was provided on April 7, 2023, as part of that response's Attachment B. As such, (j) was responded to in full on April 7, 2023.

**Kristen Schumacher Nascimento (May 19, 2023):**

*This request was for a list of citywide vacant positions and the amount budgeted for each vacancy (item 5 c). Management's April 7th response provides a list of citywide vacant positions and asks that the unions perform our own calculations of estimated cost by inferring that for most positions (but not all), the lowest salary for the classification and the tier 2 pension are budgeted. Management's response suggests that even these calculations would be speculative and possibly not accurate for each vacant position.*

Please see Attachment C which reflects the calculated budgeted rate for vacant positions as of April 18, 2023, which includes the City's retirement costs and benefits.

**Kristen Schumacher Nascimento (May 19, 2023):**

*In prior responses to similar information requests, management has provided budgeted pay data for each vacancy as requested. In our March 24 response to management, we provided examples of responsive documents from prior information requests. This data has previously been provided to us for multiple years, including 2014, 2015, 2016, 2017, and 2018. Management's April 7th response does not provide any reason why this data, which has clearly been provided in the past, cannot be provided now and so we are renewing this request at this time.*

In reviewing the data IFPTE provided, and which the City appears to have provided on one occasion in November 2018, it appears that the data that was previously provided to IFPTE was incorrect. The data appears to reflect the top step of those classifications as noted in the spreadsheets. After further review and analysis, it was determined that the City does not budget vacant positions at top step.

**Kristen Schumacher Nascimento (May 19, 2023):**

***... on April 12th, management presented financial information to IFPTE Local 21 which showed that the city's own financial forecasts assumed approximately \$30 million in additional fund balance (surplus) would be recognized each year, largely due to forecasted vacancy savings.***

This statement is incorrect. On April 12, 2023, Jim Shannon, the City's Budget Director, joined the negotiation session between the City and IFPTE. During that meeting, Mr. Shannon stated that the \$30 million additional fund balance reflected assumed differences between the budgeted and actual revenues and expenditures. Mr. Shannon did not opine as to what portion of the \$30 million was related to deltas in revenues or for deltas in expenditures.

**Kristen Schumacher Nascimento (May 19, 2023):**

***This request was for all approved Temp-U and retiree rehire requests, including job titles, rate of pay or monetary value of the request. Hourly rates of pay have been provided, however no information regarding the total monetary cost has been provided.***

The use of the word "or" in the request is reasonably interpreted to mean that IFPTE was requesting either the rate of pay or the monetary value of the request, and that either response would satisfy the request. As such, the City fully responded to this request on March 3, 2023, and provided further information upon IFPTE's subsequent request on April 7, 2023.

**Kristen Schumacher Nascimento (May 19, 2023):**

***The data provided, while it includes the hourly rate, does not include the total amount of hours or the total monetary cost, which are necessary to understanding the actual amount of time billed and utilized and total cost of these hires. We are renewing this request and ask that either the total hours paid/billed or the total monetary value of each request be provided.***

As stated above, IFPTE's prior requests were for the "the rate of pay *or* the monetary value..." As such, the City provided the rate of pay, as requested by IFPTE, on March 3, 2023. The request above is a new request, as IFPTE is now requesting the "total hours paid/billed **or** the total monetary value..."

As it pertains to Temp-U employees, there does not appear to be a readily available report to pull an estimated cost from each respective request. In an attempt to provide as substantive a response as possible to this request, the City has pulled a report of time actually worked by the Temp-U employees and rehired retirees provided to IFPTE on March 3, 2023, for a period of December 26, 2021, through March 4, 2023. Please find this in Attachment D.

*A data table was provided in management's April 7th response, however it is not specified what the data contained in the table is. The amended request was for both averages and medians, it appears that only one of these data points has been provided though it is not clear which. Therefore, we are renewing this request for both average and median data by race/ethnicity category differentiated by gender.*

Below please find the requested data for the average MPP merit increases received on or about June 26, 2022, based on employees' self-identified ethnic group and gender. The median MPP merit increases received on or about June 26, 2022, was 2.50% for each demographic subdivision, below.

RE: Information Request, dated February 13, 2023

Dear Ms. Schumacher:

Below please find information responsive to your information request, dated February 13, 2023. Please note that we are continuing to gather additional information responsive to your request, and we will send this information to you as soon as it becomes available.

1. The cost of a 1% wage increase for all non-sworn represented bargaining units, with each bargaining unit itemized separately, including the following detail:
  - a. Total base salary cost
  - b. Total fringe cost due to pension and other salary driven payroll costs

**As the City conveyed via email on February 17, 2023, in order to provide the most updated data for this item, additional time is required to be able to pull the data based on FY 2023-2024 base budget information. The City anticipates having this information by the week of March 13, 2023, and you acknowledged that the union was amenable to this timeline.**

2. A list of all Local 21 represented employees, including the following:
  - a. Employee name
  - b. Job classification
  - c. Bargaining Unit
  - d. Department
  - e. Date of hire
  - f. Pension Tier
  - g. Hours of work
  - h. Budgeted salary
  - i. Other budgeted payroll costs
  - j. Any special pay or differentials
  - k. Source of funds for the position

**Please see Attachment A. Please note that:**

- **This is data as of February 24, 2023,**
- **“Start Date” is the employee’s start date of City service, and**
- **Information related (h), (i), (j), and (k) is not readily available.**

3. A list of all vacant positions citywide, including the following:
  - a. Job classification
  - b. Bargaining unit
  - c. Budgeted amount for the position
  - d. Date position became vacant
  - e. Date recruitment process was opened for the position or anticipated start date of recruitment process where available
  - f. If a temporary hire or retiree rehire position is linked to/funded by the vacancy

**Please see Attachment B for a list of vacant positions represented by IFPTE, as of February 24, 2023. Please note that information related (c), (e), and (f) is not readily available.**

4. A list of all approved Temp-U and Retiree Rehire requests, including job titles and rate of pay or monetary value of the request.

**Please see Attachment C for a list of all Temp-U or rehired retiree positions and their rate of pay, as of February 24, 2023.**

5. A list of all employee departures from city employment for each of the past five years, including departure type (retirement, resignation, termination, etc.), date of departure, length of employment at the City and job classification.

**Please see Attachment D for a list of all IFPTE-represented departures from City service between February 24, 2018, and February 24, 2023.**

6. A list of non-sworn new hires for each of the past five fiscal years, including whether the employee was hired into a full-time permanent position, part time position, temporary position or a retiree rehire.

**A new hire is defined as a hire into City service with no prior City service. Please see Attachment E for a list of all IFPTE-represented new hires into City service between July 1, 2017, and June 30, 2022. Please note that rehired retirees are not new hires, as they have previously been employed by the City, and would be considered rehires. A list of active rehired retirees can be found in Attachment C.**

7. Results from all employee exit surveys conducted since January 2022, including the primary reasons for leaving city employment.

**Exit surveys are not required within the City and are handled by the Departments. Where they occur, they are often conducted verbally and not with a set of standardized set of questions. As such, this information is not readily available.**

8. Wage increases received under the Management Performance Program by all Local 21 represented employees since 2020, including the following detail where feasible:
  - a. Employee name
  - b. Employee job classification
  - c. Bargaining Unit
  - d. Department
  - e. Date of hire
  - f. Amount of increase
  - g. Date of increase
  - h. Employee gender
  - i. Employee race

**Please see Attachment F. Pursuant to California Government Code §1233, the City cannot disclose any employee's voluntary self-identified race and/or ethnicity. Additionally, information related to an employee's self-identified gender is prohibited from disclosure based on privacy rights.**

9. The current budgeted vacancy rate for each department

**Please see the response to Item #1, above.**

10. A list of all vacation sellback requests for Local 21 represented bargaining units, including the total amount of vacation sellback received, for each of the past five fiscal years.

**Per the respective AEA, AMSP, and CAMP Memoranda of Agreement, vacation sellback is requested through an irrevocable election during the calendar year preceding the year in which the vacation sellback is coded. As such, vacation sellback correlates to a calendar year, and not a fiscal year. Please see Attachment G which shows the vacation sellback coded by Local 21 represented employees in calendar years 2018, 2019, 2020, 2021, and 2022.**

11. The number of employees in each non-sworn bargaining unit who have taken parental leave for each of the past five fiscal years or an estimate if exact data is not available.

**An Information Memorandum will be released within the next few days the content of which is responsive to this request. The City will provide a link to this memorandum to the union upon publication.**

Sincerely,

Jennifer Schembri  
Director of Employee Relations  
Director of Human Resources

The information being requested in (c) and (f) is not readily available. This information is not accessible in PeopleSoft data. We reviewed IFPTE's information request from March 2021 and October 2021, and found that our response to this request is consistent with what was provided previously.

Please provide the City with a copy of a response that the City has previously provided to the union that you believe to be responsive to any previous request for (c) and (f) so that we can look into where that information may have originated and provide you with any information that may be responsive to this request.

Please see Attachment A for information that is partially responsive to (e). Please note that not all recruitments are associated with specific a position when they are initiated. Obtaining further information that may be somewhat or entirely responsive to (e) may be obtained through burdensome work. The City would need to meet and confer with IFPTE regarding the time and cost required to produce this information.

5. A list of all employee departures from city employment for each of the past five years, including departure type (retirement, resignation, termination, etc.), date of departure, length of employment at the City and job classification.

Please see Attachment D for a list of all IFPTE-represented departures from City service between February 24, 2018, and February 24, 2023.

The initial request was for all departures from city employment across bargaining units and not narrowly IFPTE Local 21 represented departures as provided. Please provide all requested departures from city employment as detailed in the original request.

6. A list of non-sworn new hires for each of the past five fiscal years, including whether the employee was hired into a full-time permanent position, part time position, temporary position or a retiree rehire.

A new hire is defined as a hire into City service with no prior City service. Please see Attachment E for a list of all IFPTE-represented new hires into City service between July 1, 2017, and June 30, 2022. Please note that rehired retirees are not new hires, as they have previously been employed by the City, and would be considered rehires. A list of active rehired retirees can be found in Attachment C.

The request was for new hire data for all non-sworn bargaining units and not narrowly IFPTE Local 21 represented new hires as provided. Please provide the requested data for all non-sworn new hires per the original request.

Please see Attachment B.

primary reasons for leaving city employment.

Exit surveys are not required within the City and are handled by the Departments. Where they occur, they are often conducted verbally and not with a set of standardized set of questions. As such, this information is not readily available.

Could summaries of data collected at the department level be provided?

**Information that may be responsive to this request may be obtained through burdensome work. The City would need to meet and confer with IFPTE regarding the time and cost required to produce this information.**

Sincerely,

Burke Dunphy

**Re: Information Requests Dated February 13, 2023, March 6, 2023, and March 24, 2023**

Dear Kristen:

Below please find information responsive to your information requests dated February 13, 2023, March 6, 2023, and March 24, 2023.

- 2) A list of all Local 21 represented employees, including the following:
  - a. Employee name
  - b. Job classification
  - c. Bargaining Unit
  - d. Department
  - e. Date of hire
  - f. Pension tier
  - g. Hours of work
  - h. Budgeted salary
  - i. Other budgeted payroll costs
  - j. Any special pay or differentials
  - k. Source of funds for the position

**The unions have not received responsive documents and are renewing this request. Please note that employee names, job titles and pay information are matters of public record that are subject to the California Public Records Act and that this data is also used by the unions to determine financial impacts of any proposals that cannot be costed using a lumpsum 1% costing (for instance, special pay that only applies to certain employees or proposals that may impact employees differently based on their pension tier). We are requesting this information for each member union of the coalition (as requested in this item, along with items 3 and 4 of the request) in order to understand the extent to which any proposals or agreements that are discussed or entered with any union may impact the overall financial condition of the city and the ability of each union to bargain economic matters.**

Contrary to IFPTE's assertions in the screenshots above and in your email dated March 24, 2023, (Attachment A), the City has not refused to provide information requested and IFPTE has been provided information responsive to your requests. Please refer to the City's responses provided to IFPTE on March 3, 2023, and March 10, 2023, which are posted here:

- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/bargaining-units-labor-contract-info/aea>
- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/bargaining-units-labor-contract-info/amsp>
- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/bargaining-units-labor-contract-info/camp>

To the extent that you would like to view information requests that have been received by other bargaining units and responded to by the City you may find those on the websites for those respective bargaining units here:

- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/bargaining-units-labor-contract-info/abmei>

Specifically, the City's responses to ABMEI dated March 3, 2023, and March 13, 2023.

- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/bargaining-units-labor-contract-info/mef>

Specifically, the City's responses to MEF dated March 3, 2023, and March 10, 2023.

It appears that for (j) IFPTE may have been requesting any premium pays actually received by an employee, as opposed to premium pays that were budgeted. Based on this assumption, please see Attachment B. The City's list of time reporting codes and earn codes can be found at the following location:

- <https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/labor-relations-information/information-resources/total-compensation-information>

- 5) A list of all vacant positions citywide, including the following:
  - a. Job classification
  - b. Bargaining unit
  - c. Budgeted amount for the position
  - d. Date position became vacant
  - e. Date recruitment process was opened for the position or anticipated start date of recruitment process where available
  - f. If a temporary hire or retiree rehire position is linked to/funded by the vacancy

**We have not received responsive documents and are renewing this request. Only partial data for IFPTE Local 21 represented positions has been provided and the request was for all citywide vacant positions. Attached is an example of information that has been provided to us in the past including all citywide vacancies from 2014 to 2018, including the budgeted rate of pay and budgeted hours for each vacancy.**

**Please see Attachment C for Citywide information. This information was provided for IFPTE-represented positions on March 3, 2023.**

**Additionally, while position-by-position data for (c) is not readily available, it can be approximated for the vast majority of City positions by assuming the [bottom of the salary range](#) and the [Tier 2 retirement rate](#).**

**Please note that this response is partially responsive to (e). As the City indicated in its response dated March 10, 2023, not all recruitments are associated with specific a position when they are initiated. Obtaining further information that may be somewhat or entirely responsive to (e) may be obtained through burdensome work. The City would need to meet and confer with IFPTE regarding the time and cost required to produce this information.**

- 6) A list of all approved Temp-U and Retiree Rehire requests, including job titles and rate of pay or monetary value of the request.

**The list provided does not contain job titles as requested, we are renewing this request. The unions are making this request in order to better understand the extent to which the city has resorted to hiring temporary or retiree rehire staff to perform services and work duties that overlap with areas where the city is experiencing difficulty in recruitment and retention. It is critical to the representation of our membership and may inform potential bargaining proposals.**

**The City's response dated March 3, 2023, does include job titles as requested by IFPTE; specifically, the following classifications as these are the classifications that Temporary employees and Rehired Retirees are placed in:**

- Temporary Employee Retiree (Unclassified) – Retiree Exempt (Job Code 9981)
- Temporary Employee Retiree (Unclassified) – Retiree Non-Exempt (Job Code 9984)
- Temporary Employee (Unclassified) (Part-Time) (Job Code 9985)
- Temporary Employee (Unclassified) – Non-Management Benefited (Job Code 9986)
- Temporary Employee (Unclassified) – Management Benefited (Job Code 9988)

Kristen Schumacher Nascimento  
April 7, 2023  
Page 5

- **Temporary Employee (Unclassified) – Management (Part-Time) (Job Code 9989)**

**However, based on your response dated March 24, 2023, it appears that you are requesting more specific information related to the job duties of Temporary employees or Rehired Retirees. This information is not maintained as part of an employee’s job data in PeopleSoft, and needed to be obtained manually from each department. Please see Attachment D.**

- 9) Results from all employee exit surveys conducted since January 2022, including the primary reasons for leaving city employment.

**Management has provided this data to the unions in the past and therefore we are renewing the request. Attached is a document provided to the unions in 2020. If similar information is not currently available for the time period requested, please provide the reason.**

**The Human Resources Department no longer collects the data previously provided to IFPTE related to exit surveys. As provided to you on March 10, 2023, information that may be responsive to this request may be obtained through burdensome work. The City would need to meet and confer with IFPTE regarding the time and cost required to produce this information.**

- 10) Wage increases received under the Management Performance Program by all Local 21 represented employees since 2020, including the following detail where feasible:
  - a. Employee name
  - b. Employee job classification
  - c. Bargaining unit
  - d. Department
  - e. Date of hire
  - f. Amount of increase
  - g. Date of increase
  - h. Employee gender

---

---

---

- i. Employee race

**We acknowledge receipt of partially responsive documents for items a) through g) and would like to modify and renew our request for the remaining items. The remaining items for which we have not received responsive documents are those that include race and gender data for employees. We understand and acknowledge that management is not able to provide demographic information for specific employees. In the past, management has provided us with summaries of race and gender data for its workforce, in particular the City’s EEO plan was provided to us in March of 2021. For items h) and i) in this request, we would like to modify our request to the following:**

**Please provide the average and median MPP received by employees for each race/ethnicity category tracked in the city’s system, differentiated by gender (for example, white women and white men detailed separately).**

Kristen Schumacher Nascimento

The City's EEO Plan is posted at the following location on the City's website:

<https://www.sanjoseca.gov/your-government/departments-offices/office-of-the-city-manager/employee-relations/equal-employment-opportunity-plan-eeop>

Below please find the requested data for the MPP merit increases received on or about June 26, 2022, based on employees' self-identified ethnic group and gender.

	Male	Female
<b>Asian / Pacific Islander</b>	<b>2.35%</b>	<b>2.34%</b>

Subject: Joint Union Response Regarding Information Requests

**CAUTION: Email from external sender.**

Burke,

On February 13, 2023, IFPTE Local 21, MEF, and ABMEI, each an exclusive representative of their respective bargaining units within the City, submitted a joint request for information. To date, the City has failed to respond to a significant portion of the information requested. By this email, on behalf of the three Unions, I am renewing the request for information not yet provided. A list of the information requested but not yet provided can be found in the attached pdf document. Also attached to this email are examples of information that has been provided to us in the past for a number of items. This renewed request is made pursuant to the MMBA as well as the California Public Records Act (CPRA).

As you know, an exclusive representative is entitled to all information that is necessary and relevant to discharging its duty to represent unit employees in negotiations, processing of grievances, and administration of the contract. Absent a valid defense, an employer's refusal to provide such information upon request is a per se violation of the employer's duty to meet and confer in good faith. Information about bargaining unit members' terms and conditions of employment is presumptively relevant. Information pertaining to mandatory subjects of bargaining is also presumptively relevant. The information sought in the Unions' RFI pertains to upcoming negotiations over mandatory subjects of bargaining. Unquestionably, the information sought is relevant to discharging the Unions' duty to represent bargaining unit employees and the City is obligated to provide the requested information.

While the City has not raised the objection directly, it would appear by its actions that it objects to providing information to one Union regarding employees in a bargaining unit that the Union does not represent. Any such objection is invalid. Information regarding payroll liabilities including salaries, pay differentials, etc. is necessary to prepare economic bargaining proposals and analyze proposals passed to the Unions. Information regarding the portion of the City's budget committed to employees in other bargaining units is no less necessary merely because the employees are in another bargaining unit. The identifying information sought in connection with the compensation information is necessary to organize and interpret the information. Furthermore, it is public information not subject to any limitations based on privacy, confidentiality, etc.

If you require clarification of the requested information, please contact me immediately. If you decline to respond to any request or part thereof based on a claim of privilege or any other claim, please state with respect to each declined response the grounds for withholding the information and a description of the information being withheld. In the case of only a partial declination, please identify the information being withheld and/or redacted and provide the remaining portion of the response.

Thank you,  
Kristen Schumacher Nascimento
