PROPOSED PROJECT(S)

Meeting Purpose: The City of San José is creating the Capitol Caltrain Station Area Plan that will guide future development next to the Capitol Caltrain Station. The area is envisioned with commercial and residential development. This will be the second of two community workshops. The workshops are designed so that everyone can share their ideas about the future of this area. Your participation is encouraged.

This is a community workshop about a City of San José planning process for the “Capitol Caltrain Station Area.” At the meeting, the project team will provide an overview of what we heard from community members at the first workshop in May 2022, present conceptual plans incorporating this feedback, and discuss goals and policies to further refine the Station Area Plan.

COMMUNITY MEETING CODE OF CONDUCT

The City of San José is committed to providing the information and opportunities to encourage residents to follow development activity in their neighborhoods and to actively participate in the land use development process. The intent of this community meeting today is to inform property owners, residents, and other interested parties about the proposed development, answer questions, and receive

public comments. Staff will take notes on the discussion, respect all input and opinions, and respond to policy and process questions.

Please refer to the following guidelines for expected conduct at the workshop:

- Attendees at the workshop will refrain from behavior which disrupts the public meeting or which may intimidate others who wish to voice their opinions. This will include making loud noises, clapping, shouting, booing, hissing, or engaging in any other activity in a manner that disrupts or impedes the orderly conduct of the meeting.
- Harassment of meeting participants including City staff will not be tolerated in any form. If a participant engages in harassing behavior, City Staff will end the meeting or ask the participant to leave the meeting.
