Proposal Description, including the reason for the need and anticipated outcomes (Please describe how the proposal will affect services for San José residents, community groups, businesses, etc.):

West Valley Community Services (WVCS) provides a continuum of basic needs, housing assistance, and family support services including information and referrals, food, homeless services, affordable housing, financial assistance, and case management in West San Jose. WVCS also serves unhoused and low-income individuals and families in adjacent West Valley communities. This funding request will pay for basic needs and supportive services for low-income families and individuals in West San Jose. The work will also directly help the Cadillac-Winchester neighborhood—a historically underserved and under-resourced area. These services feature as part of the Community Access to Resources and Education program and will support the cost of one case manager and 10% overhead.
