**Re: City's Last, Best, and Final Offer**

Dear Liz:

The City appreciates the hard work demonstrated by the Association of Engineers and Architects (AEA), IFPTE, Local 21, the Association of Maintenance Supervisory Personnel (AMSP), IFPTE, Local 21, and the City Association of Management Personnel (CAMP), IFPTE, Local 21 during the 2023 negotiations for successor Memoranda of Agreement (MOAs). The City and IFPTE have each put forth a tremendous amount of time and effort toward these negotiations. As you know, the parties began negotiations on March 15, 2023, and have met thirteen (13) times not inclusive of today's meeting. While the parties have reached tentative agreements on a number of items, such as increases to the protective footwear voucher, the creation of a Manager on Duty premium pay, and redesignating the Assistant Arborist classification from CAMP to AMSP, unfortunately, the parties have been unable to reach an overall agreement for successor MOAs.

The City has tried to find ways to bridge the gap, including the suggestion in my letter dated June 8, 2023, that the parties bring in a neutral third-party from the State of California's Mediation and Conciliation Service to facilitate *pre-impasse* mediation. The City raised the topic of *pre-impasse* mediation again during our meeting today, and IFPTE's response was non-committal to this suggestion. Given all of these facts the City provided IFPTE with the enclosed Last, Best, and Final Offers (LBFOs).

The City's LBFOs include key proposals which we believe address and/or meet the needs that the IFPTE negotiating team has expressed at the table including, but not limited to:

- A three-year term with a 5% pensionable general wage increase in FY 2023-2024, 4% pensionable general wage increase in FY 2024-2025, and a 3% pensionable general wage increase in FY 2025-2026.
- Increasing the City Paid Parental Program to 160 hours and increasing the ability to use up to 160 hours of sick leave. This provides employees with a total of 320 hours (8-weeks of full-time leave) for baby bonding before an employee would consider using any vacation (or compensatory time for AMSP-represented employees).

June 14, 2023

Page 2

- Increasing the employee only rate for health-in-lieu to \$102 per pay period. This change brings the City to 100% of market. The City is at or above market for all other health-in-lieu tiers.
- Increasing vacation sellback to 70 hours (from 40 hours for AEA and from 60 hours for AMSP and CAMP).
- Increasing the Professional Development Program for full-time employees to \$2,500 per fiscal year and allows for \$1,000 of this to be used for professional materials. The current maximum reimbursement is \$1,500 per year for AEA, and \$1,000 for AMSP and CAMP.
- Increasing bilingual pay.
- Increasing shift differential and creating manager on duty pay for Airport employees represented by AMSP.
- Agreeing to changes to the definition of market when conducting classification reviews.
- Moving the Assistant Arborist classification to AMSP from CAMP.
- Agreeing that the Flexible Workplace Policy in the City's Administrative Policy Manual will remain in effect through the expiration of the successor MOAs. Also agreeing to add language to the policy requiring departments to provide performance targets to employees whose flexible workplace agreements are revoked due to performance issues, and if the employee consistently meets the performance targets over a period of 90 days, the employee would be able to resume their flexible workplace agreement, absent any operation needs from the department.

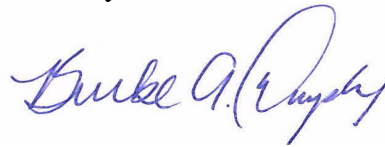

It is important to note that while IFPTE's negotiation team has contended that the wages being offered by the City are less than those being provided by other market comparator agencies, this does not appear to be the case. The City has found that in Fiscal Year 2023-2024 the City has offered a general wage increase greater than or equal to 14 of the 15 market comparators with closed contracts, and in Fiscal Year 2024-2025 the City has offered a general wage increase greater than or equal to 8 of the 10 market comparators with closed contracts, as shown in the enclosed survey.

As has been the case throughout these negotiations, the City is not agreeable to retroactivity with respect to any Fiscal Year 2023-2024 economic adjustments, including general wage increases, and, as with its prior proposals, all such adjustments under the City's LBFO will be effective the pay period following City Council adoption of the successor MOA in open session. Under the City's proposal, for the Fiscal Year 2023-24 general wage increase to be effective at the start of the fiscal year, the parties need to reach an overall Tentative Agreement for a successor MOA by Tuesday, June 20, 2023. If the parties are unable to reach agreement by June 20, 2023, the next scheduled City Council meeting is on August 8, 2023, and any salary increase approved by the City Council at that meeting would be effective August 20, 2023 under the City's proposal.

We ask that IFPTE review and consider the City's LBFOs. Please let me know if you have any questions.

Sincerely,

Burke Dunphy

City Proposed Language:

**ARTICLE 8 LEAVES**

8.X City-Paid Parental Leave. Effective the first full pay period in Fiscal Year 2023-2024 following union ratification and Council approval in open session, the Paid-Parental Leave Program will become permanent and will be incorporated into the City's Administrative Policy Manual.

**CITY PROPOSAL TO AEA – VACATION SELL BACK**

City Proposed Language:

**ARTICLE 8 LEAVES**

~~8.2.2.1~~ ~~Effective calendar year 2016, employees may sell back up to a maximum of forty (40) hours of accrued vacation per calendar year.~~

8.2.2.12 Effective calendar year 2024, employees may sell back up to a maximum of seventy (70) hours of accrued vacation per calendar year.

8.2.2.23 Internal Revenue Service (IRS) regulations require the City to report and withhold taxes on the value of the vacation time an employee is eligible to sell back. In order to ensure compliance with the IRS requirements and to avoid unanticipated tax consequences:

8.2.2.3 Employees must elect the number of vacation hours they will sell back during a calendar year, up to the maximum of ~~forty~~ seventy (4070) hours, by the end of November of the prior year. If an employee does not submit an irrevocable election form to Payroll on or before the end of November, the employee will not be eligible to sell back any vacation hours during the next calendar year.

8.2.2.4 The election to sell back vacation hours in any year is irrevocable. This means that employees must sell back the elected number of accrued vacation hours during that year. If the accrued vacation hours are not sold back within the designated calendar year, the employee will be deemed to have received the value of the vacation hours elected in that calendar year and will be taxed by the IRS accordingly.

8.2.2.5 Employees can elect to sell back only vacation hours accrued during any given year, and any vacation hours accrued and carried over prior to that year are not eligible for sell back during that year.

8.2.2.6 Any vacation hours accrued during that year will not be available for use until the employee's accrued vacation hours in that year equal the number of hours the employee has elected to sell back. Those vacation hours accrued in the given year over the number of hours the employee elected to sell back in

the given year will be available for use by the employee. This means that hours elected for sell back may only be used for sell back purposes and cannot be used for vacation time off purposes.

- 8.2.2.7 Employees may use any vacation hours accrued and carried over prior to the given year, subject to the normal rules of requesting use of vacation.

### **Regional Wastewater Facility Staffing**

To address staffing shortages at the Regional Wastewater Facility, Stantec began providing engineering and project management services in October 2013. The intention was for the contract to last only five (5) years while City staffing recovered, and the agreement was structured with the intention that consultant functions transition back to City staff.

Stantec committed to training programs and plans to transition the work back in-house by 2018. These transition plans have not come to full fruition. The Environmental Services Department (ESD) has transitioned several positions to City staff thus far, with the greatest strides in filling the Deputy Director, multiple Principal Engineer positions, and core programmatic level positions. However, despite numerous recruitment efforts over the years, the department has continued to have challenges in hiring Wastewater Facility Senior Engineers.

The City and IFPTE, Local 21 have agreed to the following principles, standards, and process for contracting-out and the services being provided through the Stantec Consulting Services Agreement:

- 1) The parties commit to delivering ESD's CIP projects with the highest quality and on time and on-budget.
- 2) The parties commit to use City staff to perform engineering, planning, architectural, construction management, program management, and project management work where feasible and practicable given the needs of the CIP and availability of appropriate City staff with necessary specialized expertise.
- 3) The parties agree that the plan is to phase out consultants and transition consultant positions to City staff.
- 4) The parties recognize that contracting out select CIP work may be necessary for the following reasons:
  - a) The City may contract-out specialized services for which City staff do not possess the necessary specialized skills or experience.
  - b) The City may contract-out to address temporary peak workloads. Temporary peak workloads are situations where City staff are capable of providing needed services, but sufficient staff are not available to meet project deadlines and the work is not forecasted to be sufficient to sustain the hiring of additional, qualified permanent employees without risk of layoff or displacement.

The parties further agree that over the life of this Stantec Consulting Services agreement, contracting of Wastewater Facility Senior Engineer work will not be expanded beyond functions provided by three existing consultants. These consultants should be allowed to complete work on specific projects that

The City has a Flexible Workplace Policy, which governs the rules and procedures regarding approving remote work agreements between the City and employees. This policy has been part of the City Administrative Policy Manual since July 13, 2015. The parties agree to add the following language to the policy:
