Re: City's Last, Best, and Final Offer

Dear Liz:

The City appreciates the hard work demonstrated by the Association of Engineers and Architects (AEA), IFPTE, Local 21, the Association of Maintenance Supervisory Personnel (AMSP), IFPTE, Local 21, and the City Association of Management Personnel (CAMP), IFPTE, Local 21 during the 2023 negotiations for successor Memoranda of Agreement (MOAs). The City and IFPTE have each put forth a tremendous amount of time and effort toward these negotiations. As you know, the parties began negotiations on March 15, 2023, and have met thirteen (13) times not inclusive of today's meeting. While the parties have reached tentative agreements on a number of items, such as increases to the protective footwear voucher, the creation of a Manager on Duty premium pay, and redesignating the Assistant Arborist classification from CAMP to AMSP, unfortunately, the parties have been unable to reach an overall agreement for successor MOAs.

The City has tried to find ways to bridge the gap, including the suggestion in my letter dated June 8, 2023, that the parties bring in a neutral third-party from the State of California's Mediation and Conciliation Service to facilitate *pre-impasse* mediation. The City raised the topic of *pre-impasse* mediation again during our meeting today, and IFPTE's response was non-committal to this suggestion. Given all of these facts the City provided IFPTE with the enclosed Last, Best, and Final Offers (LBFOs).

The City's LBFOs include key proposals which we believe address and/or meet the needs that the IFPTE negotiating team has expressed at the table including, but not limited to:

- A three-year term with a 5% pensionable general wage increase in FY 2023-2024, 4% pensionable general wage increase in FY 2024-2025, and a 3% pensionable general wage increase in FY 2025-2026.
- Increasing the City Paid Parental Program to 160 hours and increasing the ability to use up to 160 hours of sick leave. This provides employees with a total of 320 hours (8-weeks of full-time leave) for baby bonding before an employee would consider using any vacation (or compensatory time for AMSP-represented employees).

June 14, 2023

Page 2

- Increasing the employee only rate for health-in-lieu to \$102 per pay period. This change brings the City to 100% of market. The City is at or above market for all other health-in-lieu tiers.
- Increasing vacation sellback to 70 hours (from 40 hours for AEA and from 60 hours for AMSP and CAMP).
- Increasing the Professional Development Program for full-time employees to \$2,500 per fiscal year and allows for \$1,000 of this to be used for professional materials. The current maximum reimbursement is \$1,500 per year for AEA, and \$1,000 for AMSP and CAMP.
- Increasing bilingual pay.
- Increasing shift differential and creating manager on duty pay for Airport employees represented by AMSP.
- Agreeing to changes to the definition of market when conducting classification reviews.
- Moving the Assistant Arborist classification to AMSP from CAMP.
- Agreeing that the Flexible Workplace Policy in the City's Administrative Policy Manual will remain in effect through the expiration of the successor MOAs. Also agreeing to add language to the policy requiring departments to provide performance targets to employees whose flexible workplace agreements are revoked due to performance issues, and if the employee consistently meets the performance targets over a period of 90 days, the employee would be able to resume their flexible workplace agreement, absent any operation needs from the department.

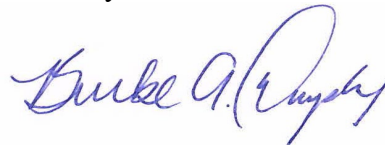

It is important to note that while IFPTE's negotiation team has contended that the wages being offered by the City are less than those being provided by other market comparator agencies, this does not appear to be the case. The City has found that in Fiscal Year 2023-2024 the City has offered a general wage increase greater than or equal to 14 of the 15 market comparators with closed contracts, and in Fiscal Year 2024-2025 the City has offered a general wage increase greater than or equal to 8 of the 10 market comparators with closed contracts, as shown in the enclosed survey.

As has been the case throughout these negotiations, the City is not agreeable to retroactivity with respect to any Fiscal Year 2023-2024 economic adjustments, including general wage increases, and, as with its prior proposals, all such adjustments under the City's LBFO will be effective the pay period following City Council adoption of the successor MOA in open session. Under the City's proposal, for the Fiscal Year 2023-24 general wage increase to be effective at the start of the fiscal year, the parties need to reach an overall Tentative Agreement for a successor MOA by Tuesday, June 20, 2023. If the parties are unable to reach agreement by June 20, 2023, the next scheduled City Council meeting is on August 8, 2023, and any salary increase approved by the City Council at that meeting would be effective August 20, 2023 under the City's proposal.

We ask that IFPTE review and consider the City's LBFOs. Please let me know if you have any questions.

Sincerely,

Burke Dunphy
