## Additional Notes:

General Wage Increases shown above represent the highest increase between the agency and the units surveyed.

San Francisco's FY 23-24 increases are in 2 parts (2.50% on 7/1/23, and 2.25% on 1/6/24) and are contingent on the following: "if the March 2023 Joint Report, prepared by the Controller, the Mayor's Budget Director, and the Board of Supervisors' Budget Analyst, projects a budget deficit for fiscal year 2023-2024 that exceeds \$300 million, then the base wage adjustment due on July 1, 2023 [and on January 6, 2024], will be delayed by approximately six (6) months"
