Independent Auditor's Report

City Council and Members of the Citizen's Oversight Committee City of San José, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Parks and Recreation Bond Projects Fund, a fund of the City of San José (City), as of and for the year ended June 30, 2014, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Parks and Recreation Bond Projects Fund as of June 30, 2014, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 2 to the financial statements, the financial statements present only the Parks and Recreation Bond Projects Fund and do not purport to, and do not, present fairly the financial position of the City as of June 30, 2014, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements. The accompanying statements of revenues, expenditures and changes in fund balance by fiscal year for the period June 6, 2001 through June 30, 2014 are presented for purposes of additional analysis and are not a required part of the financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information for the year ended June 30, 2014 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information for the year ended June 30, 2014 is fairly stated in all material respects in relation to the financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the Parks and Recreation Bond Projects Fund's financial statements as of and for the period June 6, 2001 through June 30, 2008, and as of and for the years ended June 30, 2009, 2010, 2011, 2012, and 2013, which are not presented with the accompanying financial statements. In our reports dated March 13, 2009, October 2, 2009, December 2, 2010, October 18, 2011, November 15, 2012, and October 4, 2013, respectively, we expressed unqualified opinions on the Fund's financial statements. Those audits were conducted for the purposes of forming an opinion on the financial statements as a whole. The accompanying other supplementary information related to the financial statements for the period June 6, 2001 through June 30, 2008, and the years ended June 30, 2009, 2010, 2011, 2012, and 2013 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements for the period June 6, 2001 through June 30, 2008, and the years ended June 30, 2009, 2010, 2011, 2012, and 2013. This information has been subjected to the auditing procedures applied in the audits of those financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information for the period June 6, 2001 through June 30, 2008, and the years ended June 30, 2009, 2010, 2011, 2012, and 2013 is fairly stated in all material respects in relation to the financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2014 on our consideration of the City's internal control over the Parks and Recreation Bond Projects Fund's financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Fund balance, end of year	\$ 31,416,822

(A Fund of the City of San José) Notes to the Financial Statements For the Year Ended June 30, 2014

NOTE 1 – BACKGROUND

In November 2000, registered voters of the City of San José (City) approved Measure P, the San José Safe Neighborhood Parks and Recreation Bonds, authorizing the issuance and sale of general obligation bonds (Parks Bonds) not to exceed \$228,030,000 to be used to fund the acquisition of property and construction of improvements to neighborhood and regional parks, community centers and other recreational amenities within the City.

The table below sets forth the amount of Neighborhood Parks and Recreation general obligation bonds authorized and issued pursuant to Measure P:

		Date			
Voter authorization	\$	228,030,000	November 7, 2000		
Bonds issued:					
Series 2001 Bonds	\$	40,000,000	June 6, 2001		
Series 2002 Bonds		46,715,000	July 18, 2002		
Series 2004 Bonds		46,000,000	July 14, 2004		
Series 2006 Bonds		45,400,000	June 29, 2006		
Series 2007 Bonds		22,100,000	June 20, 2007		
Series 2008 Bonds		27,815,000	June 25, 2008		
Total bonds issued	\$	228,030,000			

As of June 30, 2014, outstanding projects approved by the City Council to be funded by the bond proceeds include Public Art Designs and Soccer Complex.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements present only the financial position and the changes in financial position of the Parks and Recreation Bond Projects Fund (Fund) and do not purport to, and do not, present fairly the City's financial position as of June 30, 2014 and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

A capital projects fund (governmental fund) is used to account for the City's Parks and Recreation Bond Projects activities. Capital projects funds are used to account for financial resources (e.g., bond proceeds and investment income) that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition of land or acquisition and construction of major governmental facilities.

Basis of Accounting

The Fund's activity is reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to vacation, sick leave, claims and judgments are recorded only when payment is due.

(A Fund of the City of San José) Notes to the Financial Statements (Continued) For the Year Ended June 30, 2014

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted Cash and Investments

Cash and investments that are restricted for specified uses by bond covenants or other requirements are classified as restricted. The Fund's restricted cash and investments are held in the City Treasury and in fiscal agent accounts to be spent only on authorized capital projects. The Fund's restricted cash and investments are subject to the requirements of the City's adopted investment policy and the bond indentures. The fair value of investments is based on quoted market information obtained from fiscal agents or other sources.

Park Expenditures

As of June 30, 2014, the City reduced expenditures in the amount of \$1,250 to record a refund from a vendor related to the construction of the Bascom Community Center.

Fund Balance

Under GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the balance sheets of governmental funds classify fund balances based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which those funds can be spent. The Fund only has restricted fund balance at June 30, 2014. Restricted fund balance represents amounts when constraints placed on use of resources are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - RESTRICTED CASH AND INVESTMENTS

A summary of the Fund's restricted cash and investments at June 30, 2014 are as follows:

Type of Investment	Fair Value	Moody's Credit Risk Rating	Weighed Average Maturity
City of San José Cash and Investment Pool	\$ 2,269,042	Unrated	532 days
State of California Local Agency Investment Fund	28,622,812	Unrated	232 days
Wells Fargo Treasury Money Market Mutual Fund	610,772	Aaa	55 days
Total restricted cash and investments	\$ 31,502,626		

(A Fund of the City of San José) Notes to the Financial Statements (Continued) For the Year Ended June 30, 2014

NOTE 3 – RESTRICTED CASH AND INVESTMENTS (Continued)

The Fund has investments subject to provisions of the bond indentures of its various bond issues. According to the bond indentures, the City is permitted to invest in the City's cash and investment pool, the State of California Local Agency Investment Fund (LAIF), obligations of the U.S. Treasury or U.S. Government agencies, time deposits, money market mutual funds invested in U.S. Government securities, along with various other investments.

The Fund maintains its investments in the City's cash and investment pool. It is not possible to disclose relevant information about the Fund's separate portion of the cash and investment pool, as there are no specific investments belonging to the Fund itself. Information regarding the characteristics of the entire investment pool can be found in the City's basic financial statements for the year ended June 30, 2014. A copy of that report may be obtained by contacting the City's Finance Department, 200 East Santa Clara Street, 13th Floor, San José, CA, 95113 or can be found at the City's Finance Department Website at http://www.sanjoseca.gov/.

Investment in the City's investment pool reflects a balance of \$2,269,042 at June 30, 2014. The amounts held in the City's investment pool can be withdrawn upon demand. The weighted average maturity of the City's investment pool is 532 days. Income earned or losses arising from investments in the City's cash and investment pool are allocated on a monthly basis by the City's Finance Department to the Fund based on the average weekly cash balances.

Government Code Section 16429.1 authorizes each local government agency to invest funds in the LAIF administered by the California State Treasurer. The total amount recorded by all public agencies in LAIF at June 30, 2014 was approximately \$21.1 billion. LAIF is part of the State's Pooled Money Investment Account (PMIA). The total amount recorded by all public agencies in PMIA at June 30, 2014 was approximately \$64.8 billion and of that amount, 98.14% was invested in non-derivative financial products and 1.86% in structured notes and asset backed securities. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the Fund's position in the pool.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by nationally recognized statistical rating organizations. The City has mitigated credit risk by limiting investments to the safest types of securities, by prequalifying financial institutions, by diversifying the portfolio and by establishing monitoring procedures.

Concentration Credit Risk

Concentration of credit risk is the risk that the failure of any one issuer would place an undue financial burden on the Fund. Investments issued by or explicitly guaranteed by the U.S. government and investments in mutual funds and other pooled investments are exempt from this requirement, as they are normally diversified themselves.

(A Fund of the City of San José) Notes to the Financial Statements (Continued) For the Year Ended June 30, 2014

NOTE 3 – RESTRICTED CASH AND INVESTMENTS (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in market rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market rates. The City has mitigated interest rate risk by establishing policies over liquidity, including maturity limits by investment classification. These limits, for investments other than external investment pools and money market mutual funds, are as few as 10 days and as long as 5 years.

NOTE 4 – COMMITMENTS

At June 30, 2014, the Fund has related outstanding project construction encumbrances as follows:

Project	 Amount
Happy Hollow Park and Zoo	\$ 34,001
Public Art Designs	230,128
Soccer Complex	 11,172,867
Total project construction encumbrances	\$ 11,436,996

City Council and Members of the Citizen's Oversight Committee City of San José, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Parks and Recreation Bond Projects Fund (Fund), a fund of the City of San José (City), as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated November 14, 2014.

Independent Auditor's Report on Internal Control Over Financial Reporting and on **Compliance and Other Matters Based on an Audit of Financial Statements**

Performed in Accordance with Government Auditing Standards

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over the Fund's financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report on Compliance with Measure P

San Diego

Seattle

City Council and Members of the Citizen's Oversight Committee City of San José, California

We have examined the City of San José's (City) compliance with certain provisions of Measure P for the year ended June 30, 2014 as follows:

- Bond proceeds were used for installing lighting, reconstructing deteriorating playgrounds and restrooms; preserving open space; constructing trails; constructing new recreational sports facilities; improving Community and Senior Centers; and constructing improvements to regional parks, like Happy Hollow.
- Bond proceeds were not used for parks administrators' salaries.
- Annual audits were performed.
- A citizen's oversight committee was established.

Macias Gini & O'Connell LAP

Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2014.

This report is intended solely for the information and use of the City Council, the Citizen's Oversight Committee, the City Auditor and the City's management and is not intended to be and should not be used by anyone other than these specified parties.
